15 June 2012

RISN No 3 / 2012

## INVESTIGATION REPORTS – TRACK WORKER FATALITIES (NSW)

### Background

The Rail Safety Unit requests that rail transport operators in Tasmania read the attached investigation reports released by the Office of Transport Safety Investigations (NSW) and the ATSB which relate to track worker fatalities at Kogarah and Newbridge both in New South Wales

The report can be found at the following internet links:

<http://www.otsi.nsw.gov.au/rail/Investigation-Report-Kogarah-Fatality-final.pdf> and;

<http://www.atsb.gov.au/media/3899188/ro2010004.pdf>

It is understood the Independent Transport Safety Regulator in NSW has launched prosecutions relating to these incidents.

### Action

All rail operators are strongly encouraged to read these reports and assess your own safety performance against the findings of the reports.
